About World Campus

World Campus International is a non-profit organization, which provides a unique access to Japan.

As a participant of the World Campus Japan program you will be joining various activities together with your fellow travelers from all around the world. You will get the chance to interact with the local community and learn about Japan and the world.

In the evening and night you will be with your host family, giving a unique insight in Japanese daily life. You will be able to experience Japan from an inside perspective.

There will be 3 sessions to choose from in the 2022 program. 2 sessions lasting about 3 weeks visiting 4 cities, and the third option to combine the 2 sessions, visiting 7 cities in about 6 weeks. All sessions allow you to travel to different regions of Japan and interact with these communities.

Elizabeth Kooper - the Netherlands

I have participated in the WCI Japan program three summers in a row. I love the program so much that I just keep coming back!

Not only did I learn about Japanese culture, I also got to learn so much about the customs and cultures of the other participants in the program. All the host families were so welcoming and even though communication could be a bit hard at times the genuine feelings of being actually part of the family were always there. The groups and families were so diverse and kind, I made many close friends in just a short time that I still keep in contact with even years after the program ended!

I think I am not exaggerating when I say that WCI has helped me grow a lot as a person, made me more confident, more open, and more accepting. WCI really changed my life for the better!!
