About World Campus

World Campus International is a non-profit organization providing unique access to Japan. As a participant, you'll join activities with fellow travelers from around the world, interact with local communities, and learn about Japan and the world. In the evenings and nights, you'll stay with a host family, gaining a unique insight into Japanese daily life and experiencing Japan from the inside.

There are three sessions to choose from, each visiting different parts of Japan. Every session lasts about three weeks and includes three different cities, letting you connect with local communities along the way. Join one, two, or all three sessions.

Alessandra Gugliandolo - Italy

Thanks to my experience with World Campus Japan I created **life-long connections**, not only with the other participants, but also with the local Japanese communities encountered. The Japanese host families revealed their kindness and hospitality, by welcoming us all in their lives and treating us like family. I **wholeheartedly recommend** this program to anyone who is looking for a way to familiarize with Japan.

Jonathan Snape - America

I had already visited Japan three times before joining this program, and felt like I was lacking in crucial experiences. This program **completely changed my idea of Japan** and allowed me to live with various families and become part of the family. Whether it's your first time in Japan or your fourth, this program offers a **whole new perspective** that you just won't get as a tourist.
